September 12, 2018

To Whom It May Concern

The *Neutrosophic Scientific International Association*, whose website and headquarters are at the University of New Mexico, Unites States,

<http://fs.gallup.unm.edu/neutrosophy.htm>

is happy to opening a new branch in Latin America, under the administration and leadership of **Maikel Yelandi Leyva Vázquez PhD.**

The mission of this branch is to held seminars, symposiums and other scientific activities that support all interested researches in Latin America by launching them with published neutrosophic books and issues of the *Neutrosophic Sets and Systems* international and *Neutrosophic Computing and Machine Learning* journals.

Sincerely,

Founder of the Neutrosophic Theories
Dr. Florentin Smarandache
Professor of Mathematics
